CUMULATIVE INDEX TO SUITS FOR JUDICIAL REVIEW OF DEPARTMENTAL DECISIONS BOTH PUBLISHED AND UNPUBLISHED

The table below sets out in alphabetical order, arranged according to the last name of the first party named in the Department's decision or opinion, all the departmental decisions and opinions, beginning with January of 1955, judicial review of which was sought by one of the parties concerned. The name of the action is listed as it appears on the court docket in each court. Where the decision of the court has been published, the citation is given; if not, the docket number and date of final action taken by the court is set out. If the court issued an opinion in a nonreported case, that fact is indicated; otherwise no opinion was written. Unless otherwise indicated, all suits were commenced in the United States District Court for the District of Columbia and, if appealed, were appealed to the United States Court of Appeals for the District of Columbia Circuit. Finally, if judicial review resulted in a further departmental decision, the departmental decision is cited. This cumulative index covers court actions taken through the calendar year 1968.
